

The Asti CL STA-TITE[®] Silentium[®] is designed for universal pans and closes softly, preventing slamming and pinched fingers. Made from American Innova[®] Generation XXI moulded wood material, this seat is more highly compressed than standard wood, providing a more stylish, thin profile design. The chrome-plated hinges provide a stylish accent for your bathroom and adjust to help achieve the perfect fit to your pan. This seat features STA-TITE[®]: the patented fixing system that always stays tight and takes the guesswork out of installation. The lower portion of the nut shears off when the proper tightness is reached, so you cannot over-tighten.

SEAT FEATURES

STA-TITE[®] - patented fixing system that will not loosen! Simple, "no mess" installation ensures your seat stays tight on the pan

Non-Slip Bumpers - provide extra grip so the seat stays securely on the pan

Silentium[®] - slowly and quietly closes to prevent slamming and pinched fingers

Highly Stylised Design - thin profile provides a highly stylised look for your bathroom

Environmentally Friendly - made with responsibly sourced woods and water-based paints

- Durable American Innova[®] moulded wood
- Adjustable chrome-plated hinges
- Fits majority of manufacturers' universal shaped pans
